The first day of Spring is March 20th this year, but my guess is you'll see the Old Mill looking just like this long before then. Happy Spring, everyone!

This information was received in an email from Sonya Arnold, HR Manager at B & F Engineering Inc. in Hot Springs.....

“I have been meaning to do this since last week when we heard the news that Trisha was leaving us and going back to school. I want everyone at DOW to know that Trisha did a fantastic job here and everyone really liked her a lot. She was very polite and professional whenever she interacted with the employees that worked late. We really appreciate the great work that she did while here, however, we are very happy that she has decided to go back to school. We wish her the best but we will miss her. If you could pass this information on to her and her supervisor, we would greatly appreciate it”. DOW has done a wonderful job at our business and we really appreciate you guys. Thank you and if there is ever any needs or concerns, please contact me”.

In addition, Trisha’s Area Manager, Andrew Klich says this about Trisha. “It is always great to get a thank you from one of our clients about one of our cleaners. Latrisha Newton will be missed at the Hot Springs office!”

## Clean Vehicle Award goes to Christy Brandon

Christy Brandon

The Clean Vehicle Award goes to Christy Brandon who works for DOW out of our Springdale location. Christy will celebrate her three year anniversary with us on July 7th. She works as a day floater and fills in at night if needed.

Ramona Meeker, Area Manager says "Christy is a vital part of our branch.

She keeps our office clean, covers all the day cleaners when absent, and keeps her vehicle clean at all times. We appreciate all that she does for us".

## The Baxter Crew wins the Clean Closet Award

*A note from Bill Porterfield, Area Manager at Baxter Healthcare in Mountain Home:*

"Keeping the closet areas clean and organized is a team effort at the Baxter Lab Facility in Mountain Home. It takes everyone involved to achieve this goal. The closet requires a lot of supervision at the Baxter plant in order to keep the closet clean and 6S (meaning everything in its proper place and labeled properly). The DOW Team at Mountain Home puts a lot of time and effort into maintaining and organizing their closets appearance and stock, and also keeping their equipment clean and shiny." Thanks to all!
